EDUC 390:11 and 81

Field Experience Assignment(s):

Week 1: Classroom Observation Project Part 1 – Teacher candidates will have a graphic organizer to record observations from the field in regards to classroom interactions, routines, procedures, environment, etc. The teacher candidates will only need two 30 minute sit down times to make detailed observations of an individual pupil and of the clinical educator. All other notes can be completed at the end of the day as the teacher candidate reflects on the day.

Week 2: Classroom Observation Project Part 2 – Teacher candidates will interview the clinical educator and two students. The interviews are held individually.

Week 3: No specific assignment for Week 3. Teacher candidates will debrief in class from assigned reflection questions.
